
ACA Environmental Policy

Policy statement

Automobile Club Albania as a member club of FIA, with its activity that is extended in terms of mobility and motorsports, publicly declares its firm commitment to sustainability in the global strategy of its activities and in the organisation of competitions.

Automobile Club Albania is commits to reduce the environmental impact of the organisation and to encourage sustainability and environmental awareness within the ACA, among its governing bodies, its members, and other interested parties. Protect the environment and prevent pollution within the scope of our activities.

Scope

The ACA environmental policy applies to all operational activities, at ACA headquarters and to all events we organise.

Environmental Objectives

To meet these commitments, we undertake the following actions:

- Monitor our use of energy and resources, managing our consumption efficiently and effectively;
- Educate, train and motivate employees to carry out tasks in an environmentally responsible manner;
- Identify and implement actions aimed at reducing ACA-s environmental impacts;
- Promote sustainability and environmental awareness and involve internal and external stakeholders in reaching the objectives.

We set specific targets and action plans and allocate necessary resources to deliver the expected outcomes within the framework of this policy. Performance against targets will be assessed annually.

The ACA's environmental policy is communicated to all our employees and stakeholders and is shared publicly on the aca.al website.
